PROFESSIONAL EXPERIENCE

Client Services & Sales Representative | **Eddie Collins State Farm** | Greensboro, NC

July 2025 – July 2026

- Initially qualified prospective clients for licensed agents through outbound calls; after earning NC P&C licensure, advanced to independently quoting and advising clients on coverage.
- Collaborated with a 5-person sales team using Salesforce CRM, maintaining accurate client records in compliance with State Farm and North Carolina state insurance regulations.
- Identify bundling and cross-selling opportunities by assessing client needs, recommending coverage options that balance cost savings with protection.

Service Assistant & Food Runner | **Ruth's Chris Steak House** | Greensboro, NC

October 2023 – February 2025

- Coordinated back-of-house ticket timing for 250+ guests per shift (up to 900 at peak), partnering with front-of-house to enhance the guest experience.
- Trained new food runners on back-of-house operations, including effective communication during high-pressure rushes and proper shift setup and closing procedures.

ANALYTICAL PROJECT EXPERIENCE

Independent Futures Trading | *March 2020 – Present*

- Trade MNQ and MES futures using a price action approach, sizing positions at 2–5% of account risk per trade and staying selective sometimes waiting months for high-conviction setups.
- Maintain a detailed trade journal logging entry/exit prices, market conditions, trade outcomes, and post-trade reflection.

Financial & Strategic Analysis of Raytheon Technologies (RTX) | *Fall 2024*

- Built a DCF/FCF model and applied comparative valuation methods (P/E, CAPM, EV/EBITDA), estimating a \$175 intrinsic value versus \$122.14 market price (~43% undervalued).
- Benchmarked RTX against industry peers (Boeing, Lockheed Martin) across profitability, liquidity, and leverage metrics, identifying RTX's 19.21% gross margin as the strongest in its peer set.
